- **subsequent order of all accessories possible**
- **all simulators can be purchased separately**
- **fast delivery by parcel service**
- **best service, even after purchase**

Due to the necessary efforts for the arrangement of transport and customs clearance, the minimum order value for deliveries to the UK is 300 GBP/£. After receipt of your order, we will issue a proforma invoice for prepayment, which is required for all international sales.

We will ship as soon as possible after payment has been received in full. Our transport terms for deliveries to the UK are Delivered At Place, DAP Incoterms 2020, which means we arrange the export and the transport to the delivery address.

It is your sole responsibility to care for import and pay for any and all fees, taxes and duties that may be due in the UK. The import should be duty-free, so only taxes and fees shall apply. Usually the parcel service will offer its support for customs clearance. We will support you with all information needed.

Deliveries to Northern Ireland do not have to pass customs clearance since Northern Ireland is still part of the EU single market. If you have a valid VAT registration number, we will not charge any VAT, otherwise we have to charge the statutory VAT.

When a new price list will be released, this price list will be invalid. Price list is valid only in the UK. Delivery time upon agreement. Usually delivery is from stock within 14 days after order. We do not sell to private persons. Product pictures may show clothes that are not included in the scope of delivery. Proforma invoice payable on receipt without any deduction into account below. We do not accept cheques. All sales base on the AGB/GTC available at: www.produktundprojekt.de/agb.html
